#### Contents

# Moodle Guide – For Driving Schools

## Introduction

This guide assists you in your role with driving schools to manage learners and their results in a learning management system (LMS).

# **Training Objectives**

- Sign into the learning management system •
- Add learners to your class •
- Submit learner course completion results to MOVES •
- View competency assessment •
- Print a student certificate •

# Moodle User Roles Overview

## What are user roles?

In Moodle, user roles define what a user can and cannot do within the system. Each role consists of permissions that control access to different features and activities.

## Understanding permissions and access

**School Instructor**: Enrol learners, update outcomes, milestones and view certificates. Instructors can only see students enrolled in the same driving school that the instructors belong to.

**Student/Learner:** Take e-learning and quizzes where enrolled as part of their learning pathway. View grades, transcripts and certificates.

# Login to your Learning Management System

Use the link <u>driver.training.alberta.ca</u> to sign into the LMS.

## The Alberta.ca login

1. When directed to the Alberta.ca website, driving school instructor's click **MyAlberta.ca.Business**.

2. If you have an existing account, sign into your account.

Sign in to Alberta.ca Account for business use Email address or username
Continue
or
G Sign in with Google
Sign in with Microsoft
Don't have an account? <u>Create account</u>

3. If you do not have an account, click the **Create account link**.

#### **Resources:**

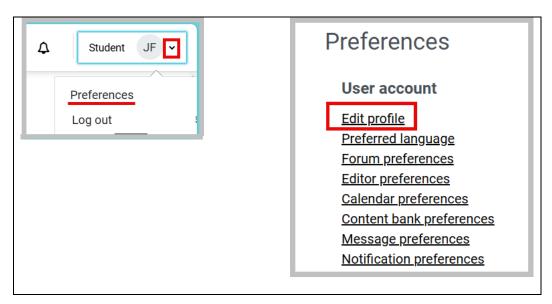

<u>Alberta.ca Reference Guide</u> (includes contact information) <u>Alberta.ca Frequently Asked Questions</u> <u>Create a Business Organization account</u> <u>Alberta.ca Link</u>

Note: Selecting a "Remember me" prompt is based on your browser settings and not part of the LMS. Checking this in Chrome, will not remember your password in Edge.

## View your profile

Learners and school instructors can view their profile information but not make changes.

- 1. Navigate to the drop-down next to your profile name > Preferences > Edit Profile.
- 2. View your profile.

Note: All email messages and notifications go to the email address set in a user's profile. Changes made to your email in Alberta.ca will display in your LMS profile.

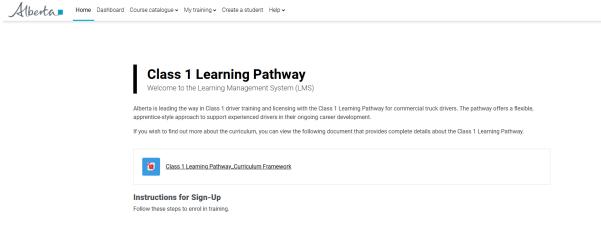

## Log out

#### 1. Navigate to the drop-down next to your profile name and log out.

Note: The learning management system will timeout at 4 hours of inactivity.

# Overall Layout Home page

The landing page is your Home page. Read the overview and information. Then navigate across the links in the top banner.

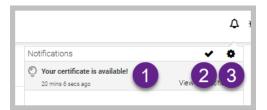

For more information, refer to: <u>Home</u> <u>Dashboard</u> <u>Course catalogue</u> <u>My training</u> <u>Notifications</u> <u>Profile</u>

## **Notifications**

At the top right you see a notification icon. When you see a number next to it, the icon to view updates or announcements related to your enrolled courses.

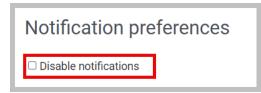

- 1. Once you click the notification icon, the notification list appears. View the message by selecting it. This will also mark the item as read.
- 2. The checkmark will mark all notifications as read.
- 3. Change your notification preferences with the gear icon.

a. Example. Turn off notifications by checking **Disable notifications**.

#### Dashboard

The dashboard is like the home page but focuses on courses.

Alberta	Home Dashboard Cour	rse catalogue 🗸 My training 🗸		
Dashbo	bard			
	)ata storage space vailable <mark>8192.0 PB</mark>	Courses Active 21   Total 34	Enrolments Active 134   Total 171	Alerts 3
Course	e overview	3 4		
All -	Search	Sort by course name V Card V		
	lberta	Alberta	Alberta	Alberta
<u>Class 1 T</u>	raining - Entry DTS 5	Class 1 Training - Core DTS	<u>Class 1 - Training - Equivalency Core</u> <u>DTS</u>	<u>Class 1 Training - Competency</u> Building <u>DTS</u>

- 1. Filter which courses you see on the dashboard. When you have completed many courses, you may want to remove some from the view.
- 2. Search for a course
- 3. Sort the courses by name
- 4. Change how the courses are displayed.
- 5. Course names.
- 6. View the completion progress in a course

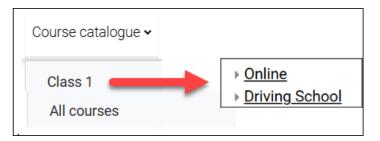

#### Filtering the dashboard view

- Filter which courses appear on the dashboard using the drop-down arrow next to All.
- 2. Search and sort courses.
- 3. View the courses by card, list or summary.

Course overview		
All - Search	Sort by course name 🗸	Card 🗸
✓ All	✓ Sort by course name	✓ Card
In progress Future Past	Sort by last accessed	List Summary
Starred		
Removed from view		

#### **Course catalogue**

The course catalogue lists all the courses and may be structured into categories. When you pick Class 1, you see how courses are organized by online courses and those offered through the driving schools.

You may expand each section by clicking on the expand  $\bigcirc$  symbol or Expand all. A click on either Online or Driving School displays the courses in each.

#### Safe ways to navigate

Here are ways you may direct the screens and your learning experience. Use the:

- Left panel in the course
- Breadcrumb trail
- Links at the top of the system (Home, Dashboard, etc...)

#### Class 1 - LMS Guide for Driving Schools

## Enrol a learner to your course

You will need their driver's license number, date of birth and MVID.

1. Click **Create a student.** The link appears at the top of the system. *A form appears.* 

Home	Dashboard	 Create a student	
			1

All fields are mandatory. Ensure all information is entered accurately. You will receive an error message and be unable to create the student if the name, date of birth, MVID, or driver's licence number does not match the learner's information as it exists in the Alberta Registries system.

Check with the learner that you are using the same email address they already use to access Alberta.ca/the LMS, or that they intend to use if they have not already created an Alberta.ca account.

This information is used to create a user profile, and the name appears on certificates. If you have entered a different name here, when the user logs into Alberta.ca, the name from Alberta.ca would update the student's profile in the learning system.

All fields are required.		
First name	0	
Last name	0	
Email address	0	
Date of birth	0	6 🗸 March 🖌 2007 🖌
MVID	0	
Driver's licence number	0	
Select the driving school	0	Select a school
Select the course in which to enrol the student	0	Select a course 🗸
		Add student

#### Class 1 - LMS Guide for Driving Schools

2. Enter the information and click **Add student.** If the information matches want is found in MOVES, you will see a success message.

• Want to add another person? If yes, click Continue. If not, click the Alberta logo or one of the links along the top.

Tip: Once a person is added, they appear in the course under the participants link.

Class 1 Training - Core DTS			
Course	Participants	Grades	

**Note**: You can only enrol a student, view and manage their progress in schools that identify you as an instructor and in the course as an instructor.

If you are unable to create a student at a particular driving school, contact <u>licensingimprovements@gov.ab.ca</u>.

## **Course and Activities**

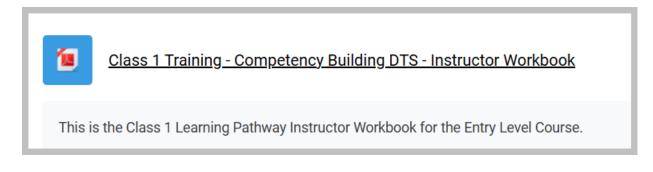

### Welcome messages

Open to read general information welcoming you to the course. Once you navigate back to the main course screen, the activity will be marked as Done.

#### **Instructor Workbooks**

The workbook will appear within the course either as a single file or within a folder. Depending on how it was setup in the course, when you click it, the file may open within the same window, open another window tab, or begin to download to your system.

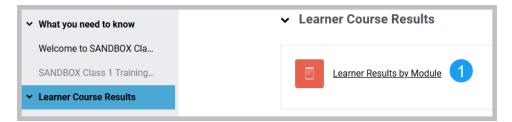

This activity is found in the Competency Building DTS course..

## Enter course results

Instructors are required to enter grades and details which will determine if the learner was successful.

1. Navigate to the course, the learner course results section and click **Learner Results by Module**.

- 2. Choose the learner to update from the group member drop-down.
- 3. Enter the hours taken in each module.

Learner Course Results					
Training Hours for Learner Modules 1 - 4					
Vehicle Components and	Inspection Rules and Reg 8	Julations Professional D	Priving Practices Emplo	yment in Commercial Driving	Industry

- 4. Modules completed successfully: Check the module the learner completed
- 5. Comments: Add in any comments related to how they did in a module or the course overall. **Comments are mandatory. The course will not be completed without a comment included.**
- 6. Course Grade. When all the modules are checked and completed, enter 100 for the grade. Anything else and the course will not be completed.

Modules Completed Successfully	4

Documents and Paperwork	
Handling Incidents	
Taking Care of Ourselves	
Course Grade Enter Pass or Fail for the Final Grade of the	
Learner	
100 6	7
	Save Save and export to PDF Cancel

7. Save.

An instructor should update the learner course results following the completion of each module (one total for each module, which includes all in-class, in-yard and in-vehicle hours completed by the student for that module). See your Instructor Guide for the minimum hours required for each module.

**Note**: At all times you should be mindful of which learner's record you are updating so that you do not enter the wrong information for the wrong learner. You are able to remove information from this form if you have entered it in error.

#### Milestone Update

The instructor needs to send Alberta Registries the milestone information when a learner completes a DTS course.

1. Open the course and click on You have completed Class 1 Training – [followed by the course name]. A form will appear.

- 2. Choose your driving school. *This will populate the learners enrolled in the* class *at the school.*
- 3. Choose the learner name. *Their name, MVID and other verified information will appear.*
- 4. Click the **Update Milestone** button.

Core DTS / You have completed CLASS 1
You have completed CLASS 1
School: V
School student: Fi ail.com) 🗸
Full Name:
MVID:
Date of Birth:
Driver's Licence number:
Update Milestone

A congratulations message in the window appears and confirms the completion status for the person.

**Note**: At all times you should be mindful of which learneractual's record you are updating. Updating a milestone in error may have serious consequences.

Congratulations! The completion status for	on this course has been confirmed.
Full Name:	
MVID: (	

### **Competency assessment for learners**

The instructor will:

- 1. Open the course Class 1 Training Competency Building DTS.
- 2. Open the activity View Learner Competency Assessment(s).

EXTERNAL FILES	earner Competency Assessment(s) arner Competency Assessment(s)	
External Files	Settings More ~	
School: CLASS 1	ner Competency Assessment(s) DRIVING SCHOOL LTD	
School student:	Learner's name will appear here once chosen	
Test Type	Description	Status
Class1	[Class1] [Skills Test] [2025-02-27]	FAIL
Class1	[Class1] [Skills Test] [2025-03-13]	FAIL
Class1	[Class1] [Skills Test] [2025-03-18]	PASS

- 3. Pick the school and the learner.
- 4. Choose a document from the list and a pdf opens and displays the competency assessment for the learner.

The Competency Assessment is used to inform training during the Competence Building phase. See your Instructor Guide for details.

## **Display learners in a course**

1. To see the learners enrolled in your course, open the course and click **Participants**.

Course	Participants	Grades

2. If the list is very long, you may want to filter on a key word or just the letters on the First and Last name lines.

Enrolle	d users	
Match	Any 🗸 Select 🗸	8
+ /	dd condition	Clear filters Apply filters

	DD D	Student
	JD Jc	Student
	JF J¢	No roles
	II la	No roles

### Certificates

Instructors can view and print certificates for learners who took a course at their school and were in their class. Learners can also print their certificate.

- 1. Open the course and click on the **Certificate** activity link.
- 2. Choose the School from the drop-down list on Separate groups.
- 3. Find the learner's name and click the download arrow. The certificate will open as a pdf.

Certificate -	Core DTS		
Awarded on: Monday, 17 M View certificate Recipients: 1 Separate groups	March 2025, 1:50 PM mload all issued certificates		
Download table data as	Comma separated values (.csv) V Download		
First name / Last name	Awarded on	Code	File
	Monday, 17 March 2025, 1:50 PM	sealcode037	*

- 4. Click the print icon in the upper right corner and decide on the printer or paper tray your organizations uses for certificates.
- Tip: When you are done printing, click the back arrow in your browser.

#### **Unenrol a student**

- 1. You may have a student who you enrolled in a course in error, or who has dropped out/withdrew from the course. In this case, the LMS allows you the option to unenrol.
- 2. Open the course and click **Participants**.

Course	Participants	Grades

3. Check the checkbox beside the name of the student you wish to unenrol.

AC
KE I
JJ ,
ST :

4. Near the bottom of the screen on the "With selected users..." menu, choose "Delete selected user enrolments".

With selected users	Choose 🗸
	Choose
	Download table data as
	Comma separated values (.csv)
	Microsoft Excel (.xlsx)
	HTML table
	Javascript Object Notation (.json)
Alberta	OpenDocument (.ods)
Alberth	Portable Document Format (.pdf)
	Manual enrolments
	Delete selected user enrolments

5. The next screen will ask if you are sure you would like to delete the user enrolment. Review the details before proceeding and click "Unenrol users".

#### Bulk user operation

 Delete selected user enrolments

 Image: Cancel

6. If you find you have unenrolled a learner in error, simply re-enrol them in your course using "Create a student". Their previous history, such as completed modules and module hours, should reappear in the "Participants" tab.

## Conclusion

The system is designed to be intuitive for driving schools and their instructors. Now it is just a matter of logging in and navigating to get comfortable with it.

## Contacts

- Alberta.ca login support 1-844-643-2789 <u>alberta-ca.account@gov.ab.ca</u>
- Technical support (such as error messages) <u>safetysystemssupport@gov.ab.ca</u>
- Procedural/licensing questions (for questions about how to perform functions or policy questions) <u>licensingimprovements@gov.ab.ca</u>

# Appendix A – Troubleshooting

1. I have updated a milestone for the wrong learner.

#### What to do:

Contact <u>licensingimprovements@gov.ab.ca</u> as soon as possible with the name of the learner whose milestone was updated in error.

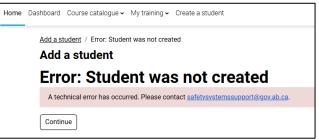

2. I want to add a learner into a class, but the driving school does not appear in the "select a school drop down" list.

What to do: Contact <u>licensingimprovements@gov.ab.ca</u> and request you be added as Class 1 instructor to the courses you instruct at the driving school.

# 3. I want to add a learner into a class, but the system says they are not eligible to take the course.

#### What to do:

- First, check with the learner that they are in fact eligible for the course. For example, their licence may be suspended.
- Have the learner check if their Alberta.ca account is verified. Direct them to:
  - i. Open their browser and go to https://account.alberta.ca
  - ii. Sign in with the same email address the driving school has on record
  - iii. Enter the password
  - iv. On Welcome screen, a green message must display it is a verified account. If not, have them click the link Verify your account.
  - v. Complete the screen steps and enter information on their driver's licence.
- 4. I am trying to add a learner in my course and get an error "Student was not created".

What to do: Click Continue and take an image of the student information. Email this image to the contact in the error message. 5. I am trying to update a milestone or view/print a certificate for a learner, but I am receiving an error message.

What to do: This is likely because the learner signed in with an Alberta.ca basic account after you created them as a student, which removed their MVID from the LMS.

- Have the learner check if their Alberta.ca account is verified. Direct them to:
  - i. Open their browser and go to https://account.alberta.ca
  - ii. Sign in with the same email address the driving school has on record
  - iii. Enter the password
  - iv. On Welcome screen, a green message must display it is a verified account. If not, have them click the link Verify your account.
  - v. Complete the screen steps and enter information on their driver's licence. The learner should log into the LMS after completing these steps to ensure the MVID is added again.

#### 6. My learner needs help to pay for the online course.

What to do: In the course, the learner must follow the following steps:

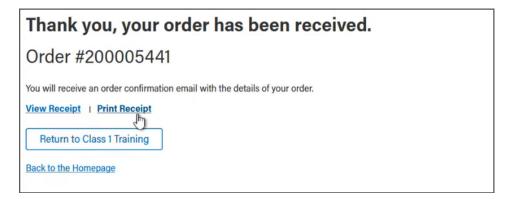

1. Click **the Pay for the course** button. The order details appear with the course name, your name and its cost.

2. Proceed with Secure Checkout. Otherwise, use Return to [course name].

Order Details					
Success: "Class 1 Training - Entry Onli	ine Course Fe	e" has been ado	ded to your cart.		
Item	Price	Quantity	Subtotal	Order Summa	ry
Class 1 Training - Entry Online Course Fee	\$250.00	1	\$250.00	Subtotal	\$250.00
Order Details Fee Payment ID: 78-112-153				Order Total	\$250.00 eckout
First Name: Last Name:					J
Course ID: 112 Return to Class 1 training					

- 3. At the Secure Checkout login with your Alberta.ca account.
- 4. Enter in your card and billing information.
- 5. Click Place Order. A thank you for the order will appear that allows the receipt to be viewed and printed.

6. Back at the course home page proceed with Get Started.
